Question 5

What information and involvement do we require to have confidence that progress is being made in addressing issues and moving us towards achieving our objectives?

	Group	Description of discussion points	Theme	
HFHC Communication	1	Feedback on this session and feedback on how all of this is moving forward		
	1	Set dates for deliverables		
	1	Direct lobby/influence of a committee/municipality of local individuals on the provincial government		
	1	Accountability; who is moving all of this forward and continuing to work towards our objectives as identified today?		
	1	HF-Hc evry 6 months where groups or individuals who moved this stuff forward report back tot he attendees		
	2	FACEBOOK updates	Internet	
	2	Email updates to HFHC participants, woodlots, community forests	Internet	
	3	Summary of today's Clearwater session communicated to attendees. Invitee feedback for views or perspectives not captured.		
	3	Provide summary to local paper for community awareness.		
	3	Summary to Local Governments. Dist of Clearwater, Area A, Area B.		
	3	Summary to Provincial HF-HC Coordinator for inclusion in the Provincial document.		
	3	Summary of Clearwater Session to be sent to MLA and all candidates in up-coming Provincial Election		
	3	Summary Report should be sent to all stakeholders, industry including tenure holders, ABCFP, Professional Biologists,		
	3	Attendees want to know what follow up local governments are doing following today's session.		
	3	A need for the Provincial HF-HC to maintain an interactive website for feedback on local and provincial HF-HC progress and reports.		
	4	Regular feedback within 4 mo, repeated quarterly		
	4	Community to become very active on selected opportunities within their scope/scale		
	4	Forest updates in local periodicals/website (newspaper, etc)		
	4	Follow-up meeting/dialogue, hopefully to involve more members of the public		
	5	Evidence that things are changing		
	5	Need to see some leadership on making changes, local and provincial		
	5	Initiative needs to stay on track and focused and relentless on getting results		
	5	Local leadership in other forest areas i.e. Woodlots and Community Forests to take forward concerns and actions		
	5	Local politicians and leaders report back to the community		
	6	Must have formal information process		
	6	Postings on website		
	6	Local leadership - a forestry committee as part of economic development		
	6	e-mail		
	6	Articles in local paper		
	6	Need coalition of local municipal governments		
	6	Timing of information gathered and delivered for best political value		
	7	Regular and accurate reporting of progress (to local government or community)		
	7	Would want to be on an e-mail distribution.		
	7	Articles in local paper.		
	7	Establish a local committee to facilitate reporting and keeping initiative alive.		
	7	Actions taken by Government that indicate receptiveness to input.		
Lobbying	1	Establish a committee and lobby for dollars to support it. (DOC/TNRD, Valley) committee crosses sectors i.e. Agriculture, forests, tourism, Mines, etc.		
	1	Move it to the rural communities summit for an input session from our voices across the province		
	2	Lobby school board to improve education and awarenss of forestry / environment		
	2	Make some news on forestry issues and invite major media outlets(Global news)		
	2	Lobby for more MLA presence in North Thompson (not just special events)		
	2	Form a committee with a problem solving focus to meet with MLA UBCM. Need to be focussed on achieving non-political solutions.		
	2	HFHC movement was started at grassroots but needs to moved up to the UBCM and MLA level		
	2	Invite MLA, DMs to further sessions.		
	3	Summary of HT-HC to Premier and Cabinet.		
	3	Follow up meeting with Premier and identify action items from the above meeting.		
	3	Develop and implementation plan with deadline		
	3	Provincial Plan to be delivered to all political parties prior to the next election		
	4	Community forest to spearhead selected opportunities		
	4	Education to be top priority		
	4	Local gov’t to form alliances to increase political influence		
	4	Increase EI training opportunities		
	4	Local govt to encourage local industry to engage public (education, interest, understanding)		
	5	Need local politicians involved and need to hear that they have heard and are taking action		
	5	Taken forward collectively with other rural communities by local politician's to forums such as the UBCM to have the decision makers listen and make changes		
	6	Want to hear from various ministers responsible for 'dirt' ministries that they have heard		
	6	Want to see summary of all the communities input - what are key principals or common trends		
	7	Eliminate the illusion that HFHC is a threat to major forest licensees – partners not targets.
