

OPERATING PRINCIPLES

The following operating principles will be used to guide decisions regarding input into the “*Healthy forests-Healthy communities: A conversation on BC forests.*”

- Discussion will focus on the HFHC draft BC forest lands vision
- Activities will be respectful and non-partisan
- Activities will seek to integrate perspectives on the resources communities need from BC’s forests in the future, balancing ecosystem integrity and socio-economics
- Messages will be based on supporting evidence, analyses, and expert opinion
- Expert or personal opinions will be clearly identified
- Products will not be developed or presented as a campaign for any single interest
