

# **REVITALIZING THE BC FOREST SECTOR**

## **Recommendations and Comments – 2011-2019**

Since 2011 the Healthy Forests-Healthy Communities initiative (HFHC) has provided information, comments and recommendations to the public and Government regarding required actions to move the Forest Sector forward in resolving two major issues identified in the 2011-2012 community dialogue i.e., Sustainable Forest Management and community resiliency. The following 20 slides identify the links to articles posted on the HFHC website that complement work done by others with the same objective.

## Forest stewardship – priority actions

- Restoring BC's forest legacy-final report – February 2013 (<https://www.bcforestconversation.com/?s=restoring+bc+forest+legacy>)
- Priority actions – February 2013 (<https://www.bcforestconversation.com/stewardship/priority-actions/>)
- Learning about the forest sector – September 2015 (<https://www.bcforestconversation.com/wp-content/uploads/Forest-sector-video-description-links.pdf>)
- Update report-progress on dialogue recommendations – March 2017 (<https://www.bcforestconversation.com/update-report-progress-on-dialogue-recommendations/>)

## Forest stewardship – priority actions

- Letter to Minister Donaldson re: need for a BC forest vision and goals – April 2018 (<https://www.bcforestconversation.com/minister-donaldson-bc-forest-vision-goals/>)
- What needs to be done to demonstrate status of SFM in BC – June 2019 (<https://www.bcforestconversation.com/wp-content/uploads/SFM-what-needs-to-be-done-to-demonstrate-status.pdf>)
- Addressing Forest Sector Uncertainty and Stress – August 2019 (<https://www.bcforestconversation.com/addressing-forest-sector-uncertainty-and-stress/>)
- Spatially and temporally explicit strategic planning framework – Updated August 2019 (<https://www.bcforestconversation.com/wp-content/uploads/SPATIALLY-AND-TEMPORALLY-EXPLICIT-STRATEGIC-PLANNING-FRAMEWORK.pdf>)

## New wood manufacturing sector

- Building a diversified wood manufacturing sector through clusters – April 2017 (<https://www.bcforestconversation.com/wp-content/uploads/Building-through-clusters-1.pdf>)
- Logging residue utilization-Lost opportunities – August 2017 (<https://www.bcforestconversation.com/wp-content/uploads/Logging-residue-opportunities-lost.pdf>)
- Proposed residue utilization infrastructure dialogue-outline – June 2019 (<https://www.bcforestconversation.com/wp-content/uploads/RESIDUE-UTILIZATION-INFRASTRUCTURE-DIALOGUE-outline.pdf>)
- New wood manufacturing sector strategic action plan – July 2019 (<https://www.bcforestconversation.com/new-wood-manufacturing-sector/>)
- Challenges in moving to a new wood manufacturing sector – October 2019 (<https://www.bcforestconversation.com/challenges-in-moving-to-new-forest-manufacturing-sector/>)

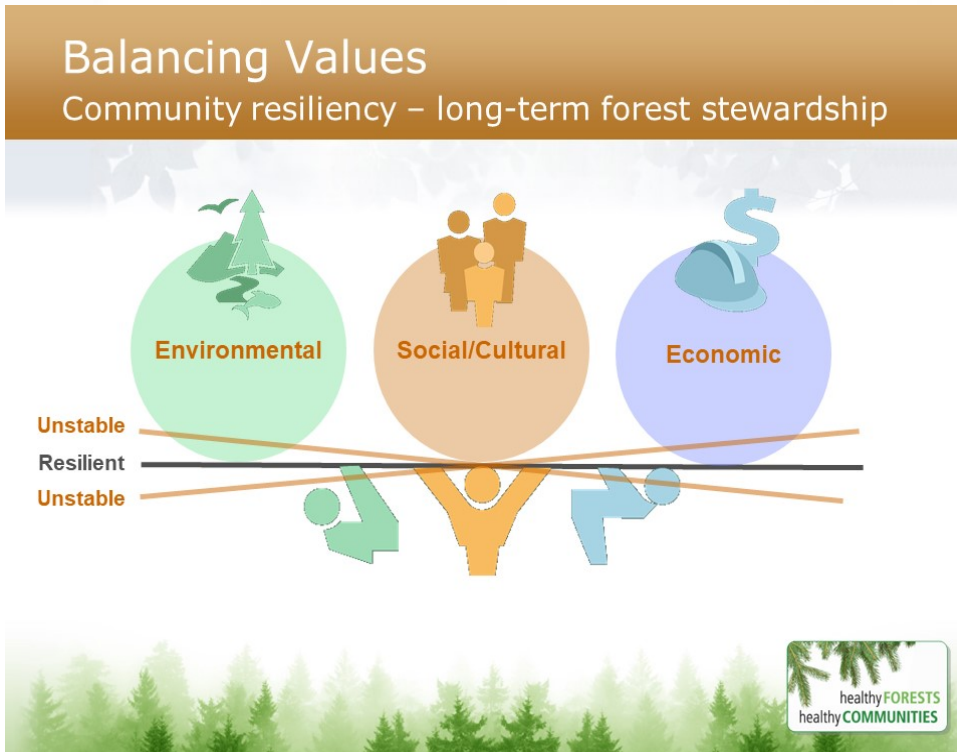

## Community Resiliency – Providing certainty

- Moving toward community resiliency-recommended strategic actions – July 2017  
(<https://www.bcforestconversation.com/moving-toward-community-resiliency-recommended-strategic-actions/>)
- Letter to Minister Donaldson re logging residue utilization – August 2018 (<https://www.bcforestconversation.com/utilize-logging-residue-build-community-resiliency/>)
- Job loss and impacts on families – June 2019  
(<https://www.bcforestconversation.com/category/whats-new/community-influence/>)
- Bill 22 creates uncertainty – July 2019  
(<https://www.bcforestconversation.com/bill-22-creates-uncertainty/>)

## Community support – social license

- Forest stewardship leadership and social license – August 2016 (<https://www.bcforestconversation.com/forest-stewardship-leadership/>)
- A framework for a new forest decision-making Governance Model – June 2017 (<https://www.bcforestconversation.com/framework-new-forest-decision-making-governance-model/>)
- Building Confidence in Forest Management – A nested approach – November 2017 (<https://www.bcforestconversation.com/wp-content/uploads/Building-Public-Confidence-A-nested-approach.pdf>)

Achieving community resiliency will require: leadership, collaboration, cooperation, innovation, strategic focus and long-term commitments by Government, industry and communities. Are we up to it?
